Certificazione:CE 0193 EN ISO 20345:2011 S3 HRO HI CI WR SRC / CE EN ISO 17249:2013 + AC:2014 - LEVEL 1

Informazione prodotto "HAIX Trekker Mountain 2.0"

Upper Material
Oiled nubuk leather, hydrophobic, breathable (7,0 mg/cm²/h), 2.6 – 2.8 mm thick

Cut Protection
Protection against cuts certified with cut level 1 (20m/sec.). Compliant with EN ISO 17249:2013 + AC:2014

Inner lining
GORE-TEX® Performance; waterproof and breathable. Highly abrasion-resistant lining with fleece midlayer. Optimized- climate comfort for all year seasons and excessive use. Increased chemical protection.

Plastic Insole
Dimensionally stable, torsion-proof, avoids punctual preasure (e.g. of stones)

Foot bed
Anatomically formed, exchangeable, washable, very good moisture absorption, dries quickly.

HAIX® Protective steel toe cap
Anatomically formed protective steel toe cap meets the highest safety requirements. Protective Throughsole Flexible, metal, lightweight and puncture resistant midsole.

Sole
Rubber/PUwalking sole with proven street/ terrain tread, wear resistant and non-slip traction; large, bevelled contact surface and superior bending comfort. Excellent cold/heat insulation, fuel resistant and non-marking characteristics. Compliant with EN ISO 20345:2011.

HAIX® Climate System
The HAIX Climate system uses the pumping movement, which permits air circulation with every step – moist air is released and fresh air comes in through the vent holes at the top of the boot.

HAIX® CO System
Pressure relief, cushioning, correction of foot positioncorrect posture and muscular balance.

Others
Integrated heel bend, lacing system with eyelets permitting smooth movement, clamps, rubber toe cap, no side seams, possibility to screw in spikes, pulling strap
